***Consumer Info:** 1) There is a risk associated with consuming raw oysters. If you have a chronic illness of the liver, stomach, or blood, or have immune disorders, you are at greater risk of serious illness from raw oysters, and you should eat oysters fully cooked. If you do not, you are eating at your own risk.

2) There is a risk associated with consuming rare meat or meat cooked at 135° or less. If you order and eat your meat this way, you are eating at your own risk.
